TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Temple, in the County of Hillsborough in said State, qualified to vote in Town Affairs.

You are hereby notified to meet at the Town Hall in said Temple, on Tuesday the 8th day of March next, at 10 o'clock in the forenoon to act upon the following subjects:

1. To choose all necessary Town officers for the year ensuing.
2. To raise and appropriate the sum of \$752.58 to cover overdraft of Derbyshire Bridge account.
3. To raise such sums of money as may be necessary to defray Town charges for the ensuing year and make appropriations for the same.
4. To see what sum of money the Town will vote to raise and appropriate for maintenance of highways and bridges.
5. To see if the Town will vote to accept State aid for the improvement of Class V roads and raise and appropriate the sum of \$492.48., the State to contribute the sum of \$1,969.90.
6. To see what sum of money the Town will vote to raise and appropriate for the purchase of calcium chloride for use on Class V roads.
7. To see what sum of money the Town will vote to raise and appropriate for snow removal.
8. To see what sum of money the Town will vote to raise and appropriate for old age assistance.
9. To see what sum of money the Town will vote to raise and appropriate for support of library.
10. To see what sum of money the Town will vote to raise and appropriate for Memorial Day.
11. To raise and appropriate the sum of \$199.90 to cover bill from the State Forestry Department for work done in Temple in 1948 in the white pine blister rust program.
12. To see if the Town will vote to raise the sum of \$200.00 for the control of white pine blister rust.

13. To see if the Town will vote to raise and appropriate the sum of \$58.00 (1/100th of 1% of the valuation of the Town) to the Monadnock Region Association of Southern New Hampshire for issuance and distribution of printed matter, newspaper and magazine advertising, and by other means calling attention to the resources and natural advantages of the Town, in cooperation with the other thirty-seven towns of the Monadnock Region.

14. To see if the Town will authorize the Temple Volunteer Fire Department to build a Fire House on the Town land adjacent to the east side of the Common, or on some other suitable location.

15. To see if the Town will raise and appropriate the sum of \$2,500.00 toward the erection of a Fire House under the supervision of the Fire Engineers.

16. To see if the Town will raise and appropriate the sum of \$200.00 to have the Temple-Sharon line surveyed, with the understanding that Sharon will pay one-half the cost.

17. To see if the Town will vote to authorize the selectmen to issue serial notes to replace the short term loan of \$3,800.00 due December 15, 1949 on the Temple Mountain fire to comply with the act of New Hampshire Legislature entitled "An act authorizing the town of Temple to issue notes in payment for certain 1948 operating expenses," which was approved February 10, 1949.

18. To see if the Town will vote to authorize the selectmen to borrow money in anticipation of taxes not exceeding the sum of \$10,000.00.

19. To transact any further business which may legally come before the meeting.

Given under our hands and seal this 15th day of February in the year of our Lord nineteen hundred and forty-nine.

EDWIN H. FISKE
RALPH L. WHEELER
STANLEY P. MAYNARD
Selectmen of Temple

A true copy of Warrant—Attest:

Town Road Aid

Town appropriation	\$ 489.96	
From State	1,959.84	
	<hr/>	\$ 2,449.80

NOTE

As most are aware, for several years past we have expended Town Road Aid appropriations almost entirely for summer maintenance, thereby denying our roads the improvement of gravel, which is the primary purpose of this fund.

As a town, I believe we have not given our roads consideration of the highly increased rates of pay and material cost of the last few years.

Of a certainty, since the war years, Summer Maintenance has been complexly more expensive as we have tried to get the roads back to original good condition. I believe we have made considerable advancement in this regard. And that this coming season we can start a limited schedule of more permanent improvements, such as drainage and gravel.

However to assure an improvement program we must raise and appropriate more money for summer work.

Respectfully submitted,

MAURICE W. STONE,
Road Agent

LIBRARIAN'S REPORT

The Mansfield Public Library was open 103 times in 1948. It wasn't open on Saturday evening, December 25th. The opening hours are Wednesdays from 2 to 4 P. M. and Saturday evenings from 7 to 9 P. M. We are glad to borrow books from the State Library upon request of readers. In the past year several have taken advantage of this privilege.

Seventy-eight books were placed in Library in 1948. Fifty-three were purchased with Library funds and the remaining twenty-five were gifts from Mrs. Carolyn Hill, Mrs. Charles Dillaby and Helen Stone.

There have been 315 fiction, 375 non-fiction and 590 juvenile books and magazines borrowed from Library in past year.

Our magazine list is very popular with the readers and many of the children take a great interest in the Library books.

We are very short of shelf room in the Library and very soon must either add new shelves or discard many of the old books.

Respectfully submitted,

SUSIE L. CUTTER

Librarian

AUDITORS' REPORT

January 17, 1949

School Warrant

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School district in the town of Temple qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the eighth day of March 1949, at 2:00 o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.
9. To see if the school district will vote to raise and appropriate the sum of \$200 for the purpose of providing a music teacher for the public school.
10. To see if the school district will vote to hold the annual School District meeting the Thursday evening immediately preceding the 2nd Tuesday in March, the time to be 8 o'clock.

Given under our hands at said Temple this fourteenth day of February 1949.

GERTRUDE M. ODELL

REPORT OF SCHOOL BOARD

**For the Fiscal Year Beginning July 1, 1947 and
Ending June 30, 1948**

To the Citizens of the Town of Temple, N. H.

The Board of Education of Temple respectfully submits its annual report with that of the Treasurer, Superintendent and Auditors.

We wish to commend Miss Helen Stone and Mrs. Lucy Carter for the high standards of education which are being upheld at the school this year.

The school board would also like to express their appreciation of the assistance of the voters in maintaining an excellent school plant. It is our feeling that the color tones in the class rooms have contributed much to the high morale in the school. The grading of the grounds has eliminated the water which was coming into the basement.

The children's interest in having nice looking grounds has induced them to rake and grade the grounds and they hope to seed grass this spring.

Their work in the capacity of janitor service is quite satisfactory. With their earnings they have purchased a new record player and album of records. Their next project will include art materials such as paint and brushes. With the \$25.00 given to the school by the Wilton Garden Club they hope to add reference books.

Again we thank the townspeople for their continued support and cooperation and know that it can always be depended upon.

GERTRUDE M. ODELL

LILLIAN P. MAYNARD

LEWIS H. TAINTER

Auditors

REPORT OF SCHOOL SUPERINTENDENT

To the School Board and Citizens of Temple:

I respectfully submit my second annual report as your Superintendent of Schools.

Better Education

Better education is the basic need of a free democratic society. We shall remain a free and strong nation only if we have enough free and competent people. The perpetuation of the American way of life requires citizens who understand and love it and are willing to live fervently in accord with it.

Better education cannot be obtained through the efforts of a single agency or group of people. It demands the full cooperation of an informed, educated citizenry; the support of courageous, enlightened school committees; teachers who have a broad cultural background and who understand the needs of the community, and administrative officers who are willing to interpret the needs and power of education and to bring about a working relationship between the people and their schools.

An informed citizenry is one who is aware of pending legislation, both state and national, that will affect education. An informed citizenry will know the policies of the schools and will take an active part and share in the building of wholesome school and community relationships.

A courageous school committee is one that stands firm for the welfare of the children; insists on securing a good professional staff; insists upon adequate and modern tools of learning and promotes sound and educationally defensible school budgeting which will give unqualified opportunities to children.

The good teacher is a growing teacher, and one who can adequately interpret and present the methods and procedures used in effectively teaching the children under his or her influence. The effective teacher is one who establishes and maintains good esprit de corps among the pupils and parents.

Effective administrative officers should accept the responsibility for providing the best personnel possible and to provide materials and supervise a balanced educational program that will help boys and girls develop wholesome personalities and the ability to effectively participate in the democratic way of life.

Thus, all must work side by side to establish schools equal to the challenge of our times. As this is done we shall not only have better schools and better communities, but in the process we shall become better people.

Teacher Improvement

A. Extension and Summer Courses.

During the past two years the teachers have been encouraged to improve themselves professionally. To assist in this professional improvement an extension course was held during the late fall and winter of last year. This course was organized through the cooperation of Keene Teachers College and held at Wilton. The area studied was Social Studies in the Elementary Field. The teachers attended this class once a week for fifteen weeks. The purpose of the course was to re-evaluate the offerings in the area of social studies in the elementary school and to develop units of work that would be applicable to their own teaching situations.

Much excellent work was accomplished and the social studies program throughout the Union has taken on new zest and interest.

Many of the teachers who did not attend this course have taken summer school work. It is interesting to note that 76% of the teachers in Supervisory Union No. 63 have either attended summer school or taken extension courses in the past year and a half.

The instruction we are receiving reflects the interest of the teachers in self-improvement.

B. Art Workshop.

In October, all of the teachers in Supervisory Union No. 63 met in Wilton to engage in a three day art workshop. This workshop was organized through the cooperation of the State Department of Education, who in 1947, added a Director of Fine Arts to its staff.

The workshop was established for the purpose of teacher-improvement in the field of art, so that they might go back into their classrooms and re-vitalize their work, thereby making their courses more interesting to their pupils.

The ideas presented dealt with the basic principles of art education in relation to general education. No "bag of tricks" was presented to the teachers. An effort was made through lecture, discussion, demonstration and participation to show the teachers that art is a means of expression and is dependent upon increased powers of imagination, observation and organization.

The teachers returned to their classrooms and applied their learnings to literature, science, health, social studies, etc.

In January 1949, a follow-up program of two days was held, in which the teachers came together for the purpose of discussing their successes and failures, to learn new techniques with different art media, and to present the results of their past two months work.

The results were exceedingly gratifying. Inventive and creative drawings and paintings, the result of the child's problem-solving, took the place of the many color books and patterns that have a tendency to limit the inventive nature of the child. This creative and imaginative freedom in art may account for the school yard being raked and planted with grass and shrubs or the interior of the school painted with stimulating, although restful colors, rather than the customary brown and buff.

A marked change in art teaching procedures has been recognized throughout the Union. To be sure, an art workshop cannot be expected to take the place of a good art supervisor who gives regular help to teachers, but it is a welcome and very worthwhile substitute.

School Enrollments

No report would be adequate unless some mention was made of the school enrollment trends in the next few years. This problem is not only a national and state problem but it is one that is going to definitely affect many local communities and budgets within the next few years.

This year we have approximately 18.6 million children in the elementary schools. In two years we may expect 20 million and in four years, 22 million. It is estimated that by 1957 we shall have 26.6 million children in the elementary schools, 8 million more than the 18.6 as of now.

High school attendance will perhaps diminish slightly in the next three years. This is probably due to the low birthrate in the early 30's. However, high school enrollments will gradually increase through the 50's so that by 1960, there will be 8.1 million high school children as compared with the present 6.3 million.

Local conditions vary somewhat from this, particularly if the high schools include grades 7 and 8.

The following is a study of the local school enrollment based upon the Census reports of September 1948:

Year	Grade					Grade					Grade					Tot.
					Rm.					Rm. Sch.						
	1	2	3	4	Tot.	5	6	7	8	Tot	Tot	9	10	11	12	
1948-49	10	5	2	7	24	3	4	8	4	19	43	1	1	2	2	6
1949-50	9	10	5	2	26	7	3	4	8	22	48	4	1	1	2	8
1950-51	7	9	10	5	31	2	7	3	4	16	47	8	4	1	1	14
1951-52	6	7	9	10	32	5	2	7	3	17	49	4	8	4	1	17
1952-53	11	6	7	9	33	10	5	2	7	24	57	3	4	8	4	19
1953-54	6	11	6	7	30	9	10	5	2	26	56	7	3	4	8	22
1954-55	11	6	11	6	34	7	9	10	5	31	65	2	7	3	4	16
1955-56		11	6	11		6	7	9	10	32		5	2	7	3	17
1956-57			11	6		11	6	7	9	33		10	5	2	7	24
1957-58				11		6	11	6	7	30		9	10	5	2	26
1958-59						11	6	11	6	34		7	9	10	5	31
1959-60							11	6	11			6	7	9	10	32
1960-61								11	6			11	6	7	9	33
1961-62									11			6	11	6	7	30
1962-63												11	6	11	6	34

These enrollments pose problems for local communities. For some it will mean considering construction of additions, or new schools, or entering into a cooperative school program. For others it may mean utilizing present buildings within the community, as an emergency measure, to house the expanding school population.

Whatever measures are taken, it should be noted that a school is more than four walls and a roof. Today's education demands spacious rooms, well lighted and attractively decorated with ample playground area adjacent to or as near to the plant as possible. Classroom activities are no longer built around a fixed chair, desk, paper and pencil program. The activities are based upon the philosophy of learning by doing and living by acting.

As new or additional classrooms are being set up the problem of more elementary teachers presents itself. We see no relief in sight in so far as the supply of elementary teachers is concerned. It is estimated that the normal number of new teachers needed in the elementary field in New Hampshire is approximately 150. Next year, according to latest reports, the two New Hampshire Teachers Colleges, namely Keene and Plymouth, will be graduating a total of 25 elementary teachers. For years we have been able to press into service married women, who for one reason or another dropped out of teaching, and women who have retired and have again made themselves available for teaching positions. It appears that this supply is fast becoming exhausted.

Our only hope is to recruit more young people into teaching. We must make teaching attractive enough in terms of salary, living conditions, and working conditions so that young people will be encouraged to enter this profession. Until this is done we may find ourselves "keeping school" rather than "teaching school".

Budget:

The budget presented for 1949-50 calls for an assessment of \$10,043.26, an increase of \$1,027.26 above the amount requested last year. This increase is reflected in the following items: teachers' salaries \$200.00, tuition \$690, miscellaneous \$137.26. This last item includes fuel, scholars' supplies, expenses of instruction, etc.

Appleton Academy has found it necessary to increase its tuition costs from \$135.00 per pupil to \$150.00 per pupil for the year 1949-50, to help defray their increased costs. Tuition charges are controlled by the average cost per pupil for instruction. The average cost for instruction for the State of New Hampshire in the year 1947-48 was \$158.74 per pupil. This figure is the maximum high school tuition liability of any district for the school year 1948-49. It will probably be higher for 1949-50, since school costs, like so many other areas of expense, have remained high and show no inclination to decrease. We also contemplate more people attending high school next year.

Special Articles:

The special article relative to the addition of a part-time music teacher to our teaching staff is to see if the school district will authorize the school board to employ such a teacher.

Every child should have the benefit of some music instruction. A part-time music teacher, meeting our young people once a week would add greatly to our program and contribute much in the way of interest and enjoyment to the lives of the children.

It is hoped that the school district will favor this recommendation.

Article 10 recommends that the school district hold its annual meeting the Thursday evening, immediately preceding the 2nd Tuesday in March, the time to be 8 o'clock.

There are several reasons for this recommendation.

(a) When school meetings follow the town meetings the people have a tendency to drift away before the actual business of the school meeting gets underway.

(b) A lengthy town meeting has a tendency to tire the people, thus they leave.

(c) A separate school meeting, held in the evening, would probably draw more people.

(d) People would be willing to stay for the entire evening since chores and business of a pressing nature would not need attention.

(e) The school committee desires a large active voting body.

Respectfully submitted,

NEWELL J. PAIRE

Superintendent of Schools

REPORT OF SCHOOL NURSE

Superintendent, School Board Members and Citizens of Temple:

The following is a summary of the nursing service performed by the School Nurse in the Temple Public School from September 1948 to January 31, 1949:

Visits made to school	5
Visits made to assist the Doctor in examining children	1
Home visits	1
Work in School	

Individual examination of pupils
Audiometer tests for hearing

Physical defects found upon examination by the doctor and nurse:

Rickets (questionable)	1
Heart murmur	2
Tonsils infected	1
Teeth	3
Hearing deficiency (to be rechecked)	3
Pediculosis (under treatment)	3
Sore eye	1

Respectfully submitted,

SYBIL M. BEATHAM, R. N.

CHILD HEALTH AND CONFERENCE REPORT

On April 20, 1948, Dr. Clare G. Cayward examined eighteen children under school age, and babies, and discussed their physical defects and needs with their respective mothers.

There were nine children given a booster dose of Diphtheria Toxoid. Each family was later called on by the State Nurse, and the child's condition discussed.

Susie Cutter, R. N., school nurse, ran the clinic assisted by Marie Fahey, R. N., state nurse.

This clinic is a yearly occurrence.

MARIE FAHEY, R. N.

State Nurse
